

# The easiest way to set up home bills

Thousands of households use Homeshift to set up and manage their energy, internet, council tax, and water bills. It's everything in one place for a guaranteed fair price.

## 3 benefits of using Homeshift

### 1. 🌐 One supplier for everything

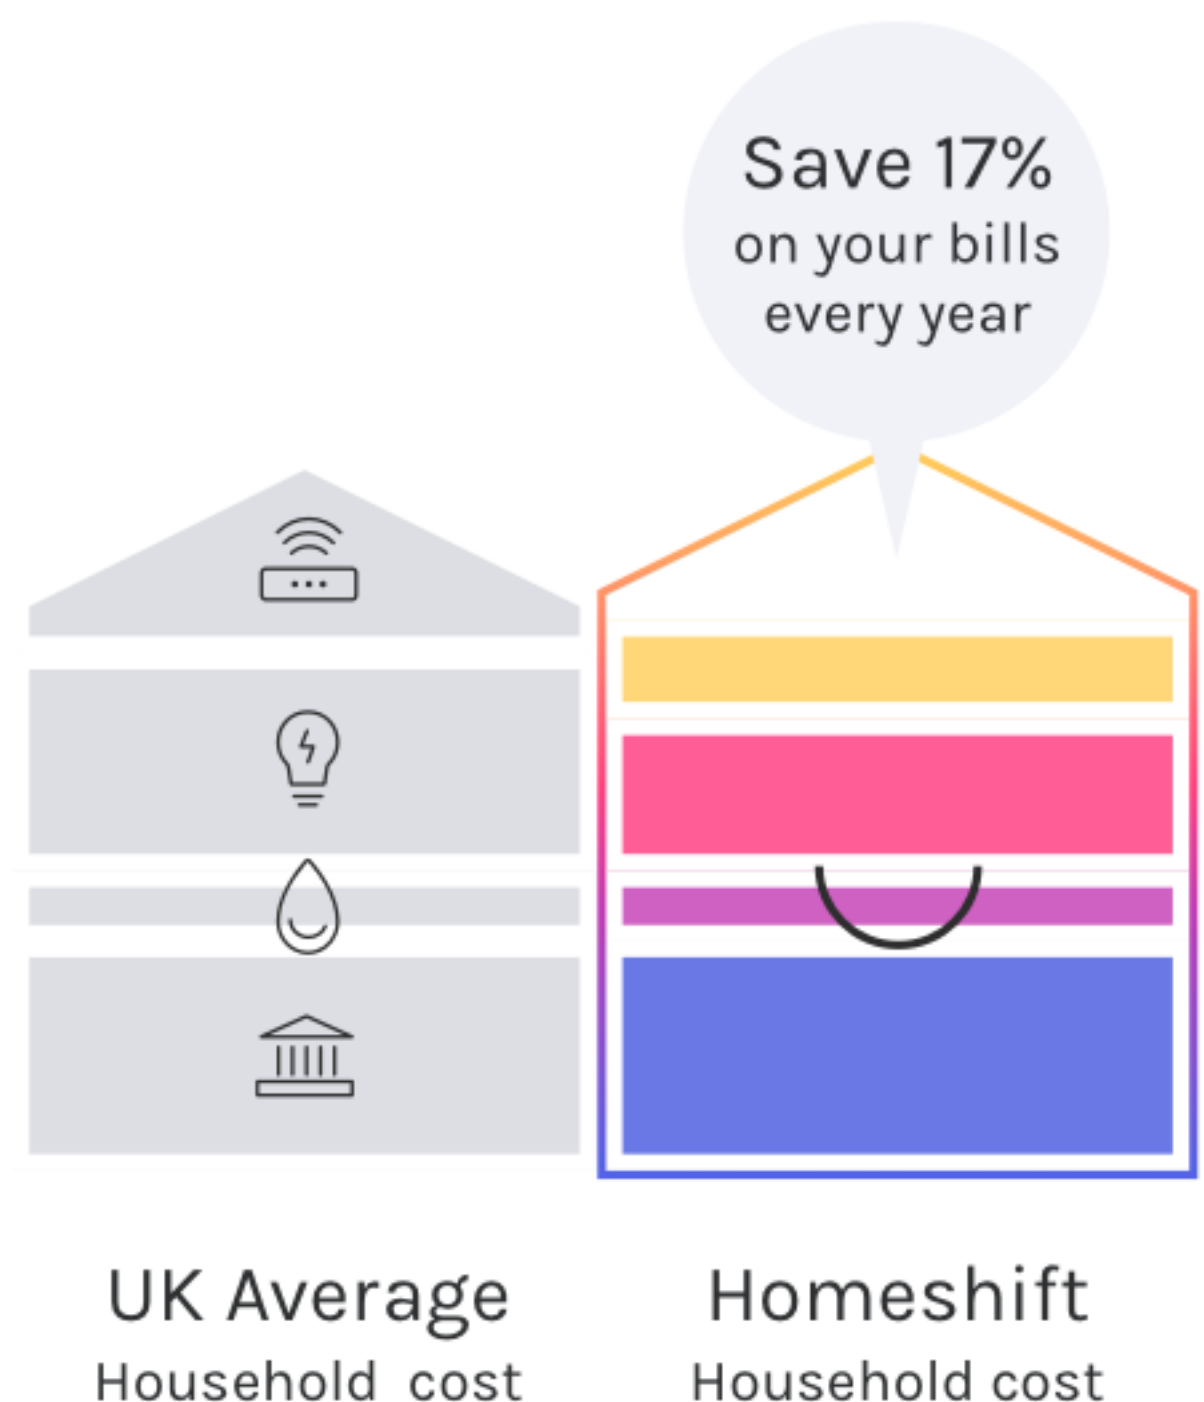

We've created our own Internet and Energy plans. By selling both of these services from the same place, we're able to keep our costs low.

### 2. 📈 Keep track of costs

Set up payment for all your utilities and get full visibility of your home spend. We'll even help you split bill costs between housemates.

### 3. 💰 Save money

Homeshift is built on technology which means our running costs are lower than traditional suppliers. We promise to pass those savings onto you - every year.
