Johnson & Jones

20A Bridge Road Chertsey, KT16 8JN

Guide Price £645,000

Johnson & Jones are thrilled to present this exceptional four-bedroom semi-detached residence, perfectly balancing contemporary design with effortless family living.

At the heart of the home lies a high-specification kitchen and breakfast room, styled with warm walnut cabinetry, pristine white quartz worktops, and fully integrated Siemens appliances. A sunlit bay window nook creates an inviting setting for informal morning dining, while to the rear, an expansive living and dining space opens through French doors onto a paved terrace to establish a seamless flow for indoor-outdoor entertaining.

The first floor provides three well-proportioned bedrooms, including a characterful guest suite complete with a private en-suite and bay window. Two of the rooms benefit from bespoke fitted wardrobes. In addition, we also have a sleek family bathroom finished with polished chrome fittings.

Occupying the entire top floor, the private primary suite serves as a light-filled, south-facing sanctuary that easily accommodates a super-king bed, complemented by a dedicated dressing area, eaves storage, and a private en-suite shower room.

Outside, the beautifully landscaped rear garden features a lush lawn and a generous patio designed for al fresco hosting, offering direct access to the rear garage and private driveway parking to create a standout home in a peaceful, well-connected setting.
