ACCOMMODATION

Hambleton Mill is an iconic Grade II listed riverside property, with a mill at Hambleton mentioned in the Domesday book in 1086 and with the current building believed to have been constructed from the timbers from the old Henley Bridge, which was washed away in the great flood of 1774. No 6 is one of the largest apartments in the development, with a pleasant outlook across the river and weir to the meadows on the other side of the river.

From the parking area, a glazed door open into a communal entrance hall with stairs leading to the first floor.

A front door opens into the private entrance hall with double doors which open into an impressive open-plan living space.

The sitting room has exposed beams to the ceiling and walls and two windows overlooking the river. There is a large dining area with natural light from a Velux window set within the vaulted ceiling.

The kitchen also has river views and good a range of fitted wall and base units with work-surfaces and an inset 1 1/2 bowl single drainer sink unit under the window. There is a built-in Siemens electric oven and a ceramic hob with tiled splashbacks, an integrated larder style fridge/freezer and an integrated washing machine.

Bedroom 2 is a large double bedroom with built in storage and two velux windows.

Bedroom 3 is a smaller double with a window.

The shower room features a white suite comprising a low level w.c., a wash-hand basin and a fully tiled shower cubicle. There are fitted storage cupboards.

Stairs lead up to the principal bedroom suite, a comfortable double with built-in wardrobes and a wide velux window. A couple of steps lead up to the en suite bathroom with a white suite comprising a panel enclosed bath with shower over, an inset wash-hand basin with marble top, a low level w.c., tiled walls, and a roof lantern above.

Outside

The property enjoys the use of a pretty shared garden with a large lawn featuring views towards the lock and upstream towards Henley. There is a 24 ft mooring for the property, and this apartment also benefits from a double garage, with an up and over door, light and power and storage above. From the garden there is private access to the footbridge leading over the

weir to the lock, with the Flower Pot Pub just a few minutes on foot, and a scenic riverside walk to Henley town approximately 2.5 miles.

National Trust Covenant

This is a legal agreement made in 1944 between the then Lord Hambleton and the National Trust, and known as the Greenlands Covenant and covers land and buildings belonging to the Hambleton Estate. The purpose of the covenant is to provide permanent protection and preservation of the architectural character and rural integrity of the area. This does not mean that no change is possible, however it does mean that the National Trust must be consulted before any change is made to the external appearance of any building covered by the covenant. Alterations to buildings will, generally, require a formal application for consent to the Architectural Panel of the National Trust. A fee will be charged for this. Enquiries should be directed to:
