# Energy performance certificate (EPC)

**!** This certificate has expired.

2, Mount Pleasant  
Cheadle  
STOKE-ON-TRENT  
ST10 1PQ

Energy rating

**E**This certificate  
expired on:**28 September 2021**Certificate  
number:**0098-2801-6215-9529-4655****Property type**

Mid-Terrace house

**Total floor area**

53 square metres

## Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance) (<https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance>).

## Energy rating and score

This property's energy rating is E. It has the potential to be D.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

**Properties get a rating from A (best) to G (worst) and a score.** The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

## Breakdown of property's energy performance

### Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Solid brick, as built, no insulation (assumed)	Very poor
Roof	Pitched, no insulation(assumed)	Very poor
Window	Fully double glazed	Average
Main heating	Boiler and radiators, mains gas	Good

Feature	Description	Rating
Main heating control	Programmer, no room thermostat	Very poor
Hot water	From main system, no cylinderstat	Poor
Lighting	Low energy lighting in 14% of fixed outlets	Poor
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	Room heaters, mains gas	N/A

## Primary energy use

The primary energy use for this property per year is 460 kilowatt hours per square metre (kWh/m<sup>2</sup>).

► [About primary energy use](#)

## How this affects your energy bills

An average household would need to spend **£935 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £338 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2011** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

## Heating this property

Estimated energy needed in this property is:

- 9,248 kWh per year for heating
- 3,548 kWh per year for hot water

## Impact on the environment

This property's environmental impact rating is E. It has the potential to be D.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO<sub>2</sub>) they produce each year.

## Carbon emissions

**An average household produces**

**6 tonnes of CO<sub>2</sub>**

---

**This property produces****4.7 tonnes of CO2**

---

**This property's potential production****2.7 tonnes of CO2**

---

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

# Steps you could take to save energy

► [Do I need to follow these steps in order?](#)

## Step 1: Hot water cylinder insulation

Increase hot water cylinder insulation

Typical installation cost	£15 - £30
---------------------------	-----------

Typical yearly saving	£22
-----------------------	-----

Potential rating after completing step 1	44 E
--	------

## Step 2: Low energy lighting

Typical installation cost	£15
---------------------------	-----

Typical yearly saving	£21
-----------------------	-----

Potential rating after completing steps 1 and 2	45 E
---	------

## Step 3: Hot water cylinder thermostat

Typical installation cost	£200 - £400
---------------------------	-------------

Typical yearly saving	£33
-----------------------	-----

Potential rating after completing steps 1 to 3	47 E
--	------

## Step 4: Heating controls (room thermostat and TRVs)

Typical installation cost	£350 - £450
---------------------------	-------------

Typical yearly saving	£113
-----------------------	------

**Potential rating after completing  
steps 1 to 4**

**54 E**

## **Step 5: Replace boiler with new condensing boiler**

**Typical installation cost**

£1,500 - £3,500

**Typical yearly saving**

£148

**Potential rating after completing  
steps 1 to 5**

**63 D**

## **Step 6: Solar water heating**

**Typical installation cost**

£4,000 - £6,000

**Typical yearly saving**

£29

**Potential rating after completing  
steps 1 to 6**

**65 D**

## **Step 7: Internal wall insulation**

**Typical installation cost**

£5,500 - £14,500

**Typical yearly saving**

£69

**Potential rating after completing  
steps 1 to 7**

**69 C**

## **Step 8: Solar photovoltaic panels, 2.5 kWp**

**Typical installation cost**

£11,000 - £20,000

**Typical yearly saving**

£214

**Potential rating after completing  
steps 1 to 8**

**82 B**

## Step 9: Wind turbine

Typical installation cost

£1,500 - £4,000

Typical yearly saving

£18

Potential rating after completing steps 1 to 9

83 B

## Advice on making energy saving improvements

## Who to contact about this certificate

### Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name

Robert Horton

Telephone

01782 610 546

Email

[roberth@firstpropertyservices.co.uk](mailto:roberth@firstpropertyservices.co.uk)

### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme

Stroma Certification Ltd

Assessor's ID

STRO005765

**Telephone**

0330 124 9660

**Email**[certification@stroma.com](mailto:certification@stroma.com)

## About this assessment

**Assessor's declaration**

No related party

**Date of assessment**

29 September 2011

**Date of certificate**

29 September 2011

**Type of assessment**▶ [RdSAP](#)

## Other certificates for this property

If you are aware of previous certificates for this property and they are not listed here, please contact us at [mhclg.digital-services@communities.gov.uk](mailto:mhclg.digital-services@communities.gov.uk) or call our helpdesk on 020 3829 0748 (Monday to Friday, 9am to 5pm).

There are no related certificates for this property.
